HATCHERIES PARTICIPATING  
in  
THE NATIONAL POULTRY IMPROVEMENT PLAN  
(January 1, 1943)

The publication of this list is for the purpose of developing greater efficiency in the operation of the National Poultry Improvement Plan. Additional information regarding these hatcheries may be obtained by writing to them or to the official State agency in their respective States. Supplements to this list containing changes in hatchery participation will be published periodically.

## Foreword

The hatcheries listed in this publication are participating in the National Poultry Improvement Plan, according to reports submitted by the official State agencies. The hatcheries are listed alphabetically by States.

The figures in parentheses, which appear after the names of certain hatcheries, indicate the breeds and varieties of U. S. Certified chicks produced by the hatchery. The code used for indicating breed and variety is as follows:

- 2 - Single-Comb Rhode Island Red
- 3 - Barred Plymouth Rock
- 4 - White Plymouth Rock
- 5 - New Hampshire
- 6 - White Wyandotte
- 7 - Other breeds (name them)
